

# **South Dakota Proposed Resource Management Plan and Final Environmental Impact Statement**

## **VOLUME I**

**June 2015**

**South Dakota Field Office**

The Bureau of Land Management's multiple-use mission is to sustain the health and productivity of the public lands for the use and enjoyment of present and future generations. The Bureau accomplishes this by managing such activities as outdoor recreation, livestock grazing, mineral development, and energy production, and by conserving natural, historical, cultural, and other resources on public lands.
